

Guitars you  
can't put down

# Welcome to Austin

Over the past 20 years Austin has become renowned for delivering great guitars and extraordinary value. The new 2012 line up knocks the ball out of the park in this respect, with the introduction of the all-new Super-6 electric guitar series and our ALA™ (Advanced Laminate Acoustic) acoustic instruments. We've improved construction, added new colors, new shapes, EQ's and electronics on many models. Whatever instrument you may choose from the 2012 Austin line up, we can guarantee satisfaction, and in many cases, sheer disbelief of how this great line delivers on every level with such superb value.....Enjoy yourself!

The Austin Development Team.

Stop Tailpiece  
Premium Tuners  
Chrome Plated Hardware  
ABS Bound Neck & Body  
PPS Nut  
Mother of Pearl Inlays  
D'Addario Strings

We designed the Super-6 from scratch in order to deliver superb balance, tone and playability. This is a truly wonderful guitar with real energy and response and they look amazing. The Super-6 Pro and DC have chambered bodies which help reduce weight and improve the acoustic element of the guitar's overall tone. Their solid tonewood center blocks deliver the sustain and response you need, making these guitars incredibly versatile. Super-6 Specials and Singles are crafted from solid basswood, a great tonewood and like all 6's, they have solid mahogany necks.

# Austin<sup>®</sup>

ACOUSTIC SERIES

We believe our acoustic guitars offer class leading value, tone and quality. Austin acoustics are made from classic tone woods such as Sitka spruce tops and mahogany back and sides and they have scalloped bracing patterns designed to maximize their tonal qualities, response and projection.

Our new AA25 with Advanced Laminate Acoustics™

The AA25 is the first all laminated guitar from Austin with advanced, scalloped bracing, making this entry level acoustic sound incredible.

The ALA™ construction improves overall tonal quality, response and sustain. The 25 sounds warm and big and offers great player experience.
